Meet Sean and Michelle

Sean and Michelle Meade have owned and run Guardian Pest Management from Highlands Ranch since 2000. Together, they bring more than 30 years of experience in the pest control industry.

They are active in the community, too, from the Castle Rock parade and the Step 7 Ministry golf tournament to Guardian's fall coat drive.

Most homes are on a quarterly plan. We also offer seasonal plans and one-time service, and we set every plan around what your home needs.

Pests can return, even after good treatment. So we treat what is there, address the conditions that drew them in, and tell you what to expect.

Our commitments to you

- ✓ Home service never requires a long-term contract, and we do not sell door to door.
- ✓ We inspect first and find the cause before we treat anything.
- ✓ We treat inside your home only when it is needed.
- ✓ After every visit, you get a written record of what we found and what we did.
- ✓ If pests return between visits, ask us, and we will come back at no charge.
- ✓ Pet and family safety is part of every treatment plan.
